

Abstract of Season or Intermediate Reports for the Week ending 7th March 1885.

Bangalore District.—Standing crops generally withering. No seeds sown. Sugar-cane being milled in parts. Prospects of season indifferent at present and dependent for the future on timely fall of rain. Public health good. Much difficulty in procuring drinking water. Pasturage very scarce. Cattle in poor condition. Murrain prevalent in parts. Prices: second sort rice 9½ seers, ragi 25 seers and horse-gram 20 seers per rupee.

Kolar District.—Crops withering in many places. Tanks empty. Scarcity of drinking water in some villages. Prospects of season not good. Sidlaghatta Amildar proposes to start relief works. Public health indifferent. 18 fatal cases of cholera in the Malur Range. Cattle in poor condition. Mouth and foot disease prevalent in parts. Water and fodder getting very scarce in some Taluks. Prices rising. Rice 9½ to 12 seers and ragi 20 to 32 seers per rupee.

Tumkur District.—Bengal-gram, nat-ragi, javari, paddy and sugar-cane are not in good condition in some parts, and are fading in other places. Elsewhere the state of the crops is fair. Prospects of season unfavorable. Public health generally good. Cattle are in a reduced condition in certain Taluks for want of fodder and water. Murrain prevalent in parts. Pasturage insufficient. Difficulty experienced in procuring drinking water. Date leaves are being used for fodder in parts of Chiknayakanhalli and the Hanagal Range. Prices: second sort rice 9½ to 12 seers, ragi 22 to 36 seers and horse-gram 16 to 24 seers per rupee.

Mysore District.—Sugar-cane, paddy, cotton, Bengal-gram and javari in good condition. Bengal-gram, oil-seeds, sugar-cane and javari were harvested in parts. No seeds were sown. Prospects of season indifferent and dependent on the early fall of rain. Public health generally good. Water-supply generally scanty, as tanks and wells are drying up. Cattle suffer from murrain in 3 Taluks. Pasturage insufficient in several parts. Prices: second sort rice 10 to 14 seers, ragi 20 to 32 seers and horse-gram 20 to 26 seers per rupee.

Shimoga District.—The young sugar-cane crop in Shimoga and kar-paddy in the Channagiri, Sagar and Nagar Taluks are in good condition. Sugar-cane is being milled in all the Taluks. Jola, cotton and Bengal-gram were harvested in the Davangere Taluk. Prospects of season fair. Isolated cases of cholera still occur in the town of Shimoga. Scarcity of drinking water is being felt in some villages of the Davangere Taluk. Prices: rice 12½ to 16 seers, ragi 23 to 30 seers and jola 23 to 28 seers per rupee.

Kadur District.—Standing crops generally in good condition. No seeds were sown. Paddy, sugar-cane, togari, Bengal-gram, wheat and oil-seeds were harvested. Prospects of season fair. Public health generally good. Cattle healthy. Water-supply and pasturage good in the Malnad, fair in the Maidan. Prices: rice 12 to 23 seers and ragi 20 to 40 seers per rupee.

By Order,
C. RAGHAVACHARLU,
Offg. Under-Secretary.

Abstract of Season or Intermediate

Bangalore District.—Standing crops generally favorable, with the advance of the dry season of pasture and rise in prices. Fever slight. Drinking water and pasturage difficult to be procured. Cattle in poor condition in parts. Prices: second sort rice 9½ seers per rupee. Murrain prevalent in some villages. Crops withering in the Taluks of Kolar, Mulbagal and Bowringpet and in the Malur Range. Getting scarce. Cattle are in poor condition. Prices: rice 9 to 12 seers and ragi 22 to 36 seers and horse-gram 18 to 24 seers per rupee.

Kolar District.—Tanks empty. Scarcity of water in many places. Prospects of season unfavorable. Paddy and navane were sown. Bengal-gram, javari, wheat, sugar-cane and oil-seeds were harvested. Prospects of season unfavorable. Public health fair, but small-pox prevalent in the Sira Taluk. Pasturage insufficient in parts and entirely failing in the jungles. Date leaves are being used as fodder in some places. Drinking water becoming scarce in parts. Cattle are in poor condition owing to these circumstances and are moreover suffering from murrain in a few taluks. Prices: rice 9½ to 13 seers, ragi 22 to 36 seers and horse-gram 17 to 25 seers per rupee.

Tumkur District.—Standing crops in a backward condition owing to deficiency of water; in some places they have been attacked by insects, in others they are in fair condition at present. The javari crop which has come to ear in parts is fading owing to failure of water in wells. Sugar-cane fields are also suffering from the same cause. Paddy and navane were sown. Bengal-gram, javari, wheat, sugar-cane and oil-seeds were harvested. Prospects of season unfavorable. Public health fair, but small-pox prevalent in the Sira Taluk. Pasturage insufficient in parts and entirely failing in the jungles. Date leaves are being used as fodder in some places. Drinking water becoming scarce in parts. Cattle are in poor condition owing to these circumstances and are moreover suffering from murrain in a few taluks. Prices: rice 9½ to 13 seers, ragi 22 to 36 seers and horse-gram 17 to 25 seers per rupee.

Mysore District.—Paddy, sugar-cane, jola, oil-seeds and Bengal-gram crops in good condition. Black-gram was sown in the Seringapatam Taluk. Beng. gram, ragi, sugar-cane, jola and paddy were harvested in parts. Prospects of season indifferent and dependent on the early fall of rain. Fever prevalent at Nagamangala and cholera at Ganjam, Seringapatam and French Rocks. Cattle suffer from murrain in parts of two taluks. Tanks and wells drying up. Water-supply scanty. Pasturage generally insufficient. Prices: second sort rice 10 to 13 seers, ragi 20 to 30 seers and horse-gram 18 to 24 seers per rupee.

Shimoga District.—Kar-paddy and the recently sown sugar-cane crops are in good condition. Sugar-cane is being milled in all the taluks. Bilé jola, kusbi, cotton and Bengal-gram were harvested in the Davangere Taluk. Prospects of season fair. Small-pox prevalent in Davangere, and fever and bowel complaints elsewhere. Cases of cholera still occur in the Shimoga and Honnali Taluks. Cattle generally healthy. Scarcity of water felt in some villages of the Davangere Taluk. Prices: rice 12½ to 16 seers, ragi 20 to 30 seers and jola 24 to 40 seers per rupee.

Kadur District.—Standing crops, viz., paddy, sugar-cane, arecanut, onions, cotton, &c., in fair condition. Kar-paddy was sown. Sugar-cane, Bengal-gram, wheat, coriander and oil-seeds were harvested and coffee picked. Prospects of season and public health good. Cattle healthy. Water-supply and pasturage good in the Malnad, and fair in the Maidan. Prices: rice 13 to 22 seers and ragi 16 to 34 seers per rupee.

By Order,
C. RAGHAVACHARLU,
Offg. Under-Secretary.

PART IV.

Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 21st March 1885.

Bangalore District.—Eighteen cents of rain were gauged in the Civil and Military Station and 15 cents in the Town of Bangalore. Slight showers in 3 Taluks. Standing crops withering through insufficiency of water. Prospects of season dependent on timely rain-fall. Public health good. Fever slightly prevalent in parts. Drinking water and pasturage scarce. Cattle in poor condition. Murrain in parts. Prices : second sort rice 9½ seers, ragi 25½ seers and horse-gram 19 seers per rupee.

Kolar District.—Twenty-one cents of rain at Kolar. Good showers in Chikballapur, Gudibanda and Bagepalli. A few tanks in the Chikballapur Taluk have received a week's supply of water. Sugar-cane and Bengal-gram are being harvested. Prospects of season somewhat improving. Drinking water scarce in parts. Public health indifferent. Cholera prevails. Cattle in poor condition. Water and fodder scarce. Prices : rice, second sort, 9 to 10 seers, ragi 22 to 32 seers per rupee.

Tumkur District.—Slight rain in a few Taluks. Bengal-gram, javari, paddy, sori-ragi and wheat are fading in some places, and in others they are in a backward condition. Paddy was sown. Bengal-gram, javari, wheat, oil-seeds, horse-gram, sugar-cane, cotton and tobacco were harvested. Prospects of season unfavorable. Public health good. Cattle are in a reduced condition owing to the deficiency of pasturage and drinking water. Date leaves are being used for fodder in parts of Chiknayakanhalli and Hangal. Prices : second sort rice 10 to 13 seers, ragi 22 to 32 seers and horse-gram 17 to 24 seers per rupee.

Mysore District.—Seven cents of rain at Mysore. Light rain fell in several Taluks. Standing crops in good condition. Tuvor, jola, Bengal-gram and paddy were harvested in parts. Prospects of season fair. Fever prevalent in the Nagamangala and cholera in the Seringapatam Taluk. Cattle suffer from murrain in two Taluks. Pasturage generally insufficient. Water-supply scanty. Tanks and wells drying up. Prices : second sort rice 10 to 17 seers, ragi 20 to 33 seers and horse-gram 18 to 28 seers per rupee.

Shimoga District.—Sixty-four cents of rain at Shimoga. Kar-paddy and sugar-cane are in good condition. Gathering of cotton in the Davangere Taluk is continued. Prospects of season good. Public health fair, but small-pox prevalent in Davangere, and a few cases of cholera in the Shimoga and Honnali Taluks. Cattle in good condition. Murrain prevalent in two Taluks. Scarcity of water and pasturage in the Davangere Taluk. Prices : rice 12½ to 16 seers, ragi 20 to 40 seers and jola 24 to 30 seers per rupee.

Kadur District.—Seven cents of rain at Chikmagalur. Standing crops in good condition. Kar-paddy and sugar-cane were sown. Arecanut, wheat, sugar-cane, Bengal-gram, pepper and oil-seeds were harvested. Prospects of season fair. Public health generally good. Fever prevalent in parts and small-pox in the Mudgere Taluk. Cattle healthy. Water-supply and pasturage good in the Mahad, and fair in the Maidan. Prices : rice 12 to 20 seers and ragi 25 to 36 seers per rupee.

PART IV.

Official Papers.

Abstract of Season or Intermediate Report for the Week ending 28th March 1885.

Bangalore District.—Fifty-five cents of rain in the Town of Bangalore and 65 cents in the Cantonment. General showers throughout the District which helped slightly to replenish small ponds. Sugar-cane and paddy reported to be withering for want of sufficient water. Sugar-cane and Bengal-gram are being harvested in some parts. Prospects of season dependent on timely fall of rain. Public health good generally. Drinking water and pasturage very scarce and difficult to be procured. Cattle in poor condition. Cattle disease prevalent in Kunigal, Magali, Hoskote and Kankanhalli Taluks. Prices : rice, second sort, 9½ seers, ragi 26 and horse-gram 19 seer per rupee.

Kolar District.—Ninety cents of rain at Kolar. Standing crops withering in many places as the rain-fall was not continuous. Sugar-cane, Bengal-gram and wheat were harvested in Sidlaghatta. Public health indifferent. Cholera and fever prevalent. Scarcity of drinking water still felt in parts. Cattle in poor condition. Water and fodder still scarce. Prices : rice 9 to 12 seers and ragi 22 to 32 seers per rupee.

Tumkur District.—One inch and 24 cents of rain at Tumkur. Coconut, Bengal-gram, paddy, coriander, cotton, castor-oil seeds, korle and tobacco were harvested. Bengal-gram, javari, paddy, soti-ragi and wheat are fading in some places and in others they are in a backward condition, owing to want of water in wells and from attacks of insects and different diseases. The recent fall of rain will it is believed do some good to the standing crops and for cattle. Prospects of season dependent on timely rain-fall. Public health good. Fever prevails in parts of the Paragada and Chiknayakanhalli Taluks. Cattle are in a reduced condition owing to deficiency of pasturage and drinking water. Date leaves are being used for fodder in parts and people fetch drinking water and pasturage for cattle from distant places. Sheep are suffering from disease in parts of Hiriyur and Pavagada Taluks. Prices : rice, second sort, 10 seers, ragi 32 and horse-gram 22 seers per rupee.

Mysore District.—Eighty-two cents of rain at Mysore. Paddy and sugar-cane crops under tanks in the Gundlupet Taluk are withering, in other Taluks the standing crops are in good condition. Ploughing and sowing of jola in parts have commenced. Prospects of season fair. Rain is much needed. Public health generally good. Cholera is still prevalent in an epidemic form at Ganjam in the Seringapatam Taluk. Cattle generally healthy. Murrain abating in the Gundlupet and Nagamangala Taluks. Pasturage scanty. Water-supply insufficient. Prices : rice, second sort, 11 seers, ragi 24 and horse-gram 20 seers per rupee.

Shimoga District.—Eighty-one cents of rain at Shimoga. Standing crops in good condition. Sugar-cane is being milled in nearly all the Taluks. Cotton gathered in Davangere and pepper in Sorab. Prospects of season good. Small-pox of a wild type prevails in the Taluks of Channagiri, Sagar and Davangere. Cases of cholera still occur in the Shimoga and Hounali Taluks. Cattle suffer from throat, foot and mouth diseases in parts. Prices : rice 13 to 16 seers, ragi 20 to 36 seers and jola 24 to 31 seers per rupee.

Kadur District.—Eleven cents of rain at Chikmagalur. Standing crops in good condition. Sugar-cane, wheat, Bengal-gram, pepper and arecanut were harvested. Prospects of season fair. Public health generally good. Fever prevailed in parts of the Mudgere and Koppa Taluks. Cattle suffered from Kaljvara (hoof disease) in parts of the Mudgere Taluk. Water-supply and pasturage good in the Malnad and fair in the Maidan. Prices : rice 13 to 24 seers and ragi 22 to 40 seers per rupee.

By Order,

C. RAGHAVACHARLU,
Offg. Under-Secretary.
